Age: 18

Date of Birth: September 1, 2003

Place of Birth: Santa Cruz, Manila, NCR

MANTRA

I am a first-year Bachelor of Science in Electronics Engineering student at Technological University of the Philippines. I have always been fascinated by psychology and technology. With that, I aspire to pursue a career that can contribute to both fields through research and development. I believe that time is our greatest asset. While growing up, I prioritize investing time in activities that can help me build my character, such as joining a community and learning new skills to grow and make connections through shared interests. At the same time, I also make room for my hobbies, namely playing sports, making playlists, and reading.

DREAM JOB

My dream job involves specializing in developing instruments that will significantly help in the medical field. I intend to pursue a career in biomedical engineering to aid in improving the healthcare system in the Philippines. Since electronics engineering is diverse, I can also explore various fields which can help me maximize my skills to fulfill my passion for serving others. To achieve financial freedom at a young age, I plan to trade and invest in stocks aside from working as an engineer because it has always been my goal to give back to the community through funding research, charities, and scholarship institutions. In addition, I would also like to recommence my career as a basketball player in the future.

EDUCATION**EDUCATIONAL BACKGROUND****BS Electronics Engineering**

TECHNOLOGICAL UNIVERSITY OF THE PHILIPPINES – MANILA

2021 - Present

Senior High School Graduate

PHILIPPINE CULTURAL COLLEGE – CALOOCAN CAMPUS

2019 - 2021

Junior High School Graduate

DARWIN INTERNATIONAL SCHOOL – PULONG BUHANGIN

2015 – 2019

Elementary Graduate

DARWIN INTERNATIONAL SCHOOL – PULONG BUHANGIN

2009 - 2015

TRAININGS ATTENDED

Institute of Electrical and Electronics Engineers Inc. (IEEE) – Manila Student Chapter

via Zoom

“Jack of all Trades: Master of ECE Specialization”

September 26, 2021

Institute of Electrical and Electronics Engineers Inc. (IEEE) - Young Professionals Philippines

via Zoom

“Student Transition and Elevation Partnership (STEP) 2021”

September 7, 2021

De La Salle University

via Zoom

“3rd DLSU SHS Research Congress”
